

**EQUITY INITIATIVES PROGRAMMES UNDER RUSA CONDUCTED AT TIROT SING MEMORIAL  
COLLEGE, MAIRANG**

**SOFT SKILL TRAINING PROGRAM ON PERSONALITY DEVELOPMENT & ENGLISH LANGUAGE**

### **1) Personality Development**

The impact of this program was very eminent on the life of the student. The student of west khasi hills are shy and soft spoken in general. This program has helped the student to gain confident and to open up in various field. Their class interaction with the teachers is very evident on the effectiveness of the program. The etiquette and inter personal skills has gone up to the next level.

The mock interview conducted shows a drastic change in how the student carries himself/herself in the interview and how various FAQs were handled was commendable.

Various topics were covered in the sessions and each one was not only informative but interactive and leaner centric. Various psychometric tests on personality assessment were conducted. The assessment helped the student understand their strengths and weaknesses.

### **2) English language**

The objective of the program was to create a good platform in helping the student of the College to enhance their English communication skills. Since the first mode of communication is the local dialogue, the program encourages the student to start communicating in English. The students were also prompt to enhance their reading skills.

The English program laid the foundation on grammar and introduces sound of the English language. The program also helps the student on conversational skills and guided the students to take it in their everyday life. The program was a touch stone to help the student gain confident in the language and assimilate it for the regular usage of the language.

### **3) Computers course**

The objective of the program is to familiarize the student on the usage of technology. The course has given a foundation on application of computers to the student advantage.

The student has learnt to access, create, save and manage documents, using spread sheets for various application, email usage & etiquette and how to effectively use the internet. The students also were introduced to Skype interview calls and video conferencing.

As presentation is part and parcel of a professional life, students are taught designing power point for visual presentation.

## REMEDIAL PROGRAM - WORKSHOP ON APTITUDE TEST

Tirot Sing Memorial College has initiated the programme Workshop on Aptitude Test and Reasoning which was a five days programme kick start from 06.05.2018.

Graduation today is like a ticket to face various competitive exams. Most of the entrance like SSC, Banking, Railways, MPSC, DSC, UPSC, etc. have logical reasoning; quantitative technique, English and general awareness before they qualify for the personal interview.

The intent of the programme is to stir the youth minds to prepare more than what they learned in the graduate level and to get exposure to various competitive exams pattern.

The remedial workshop has stimulated the students to have a bigger picture on how to prepare competitive exams and the foundation was laid in various needed aptitude.
